Once you have accessed Learning Blade, review the information below to learn more about the various inventors you will interact with during your missions.

- **Dr. Gladys West:** Mathematician and Computer Programmer who contributed to GPS.
- **Dr. George Grant:** Dentist who invented the golf tee.
- **Mark Kean:** Electrical Engineer who also invented the computer chip.
- **Garrett Morgan:** Inventor and Businessman, who also invented the gas mask.

Through the missions, you will learn more about careers and the skills needed.

Mission	Careers associated with missions						Escape Room
Heart Surgery	Biomedical Engineering	Doctors	Nurses	Paramedic	Therapists		George Grant
Car Manufacturing	Automotive Designer	Manufacturing Technician	Mechanical Drafter	Safety Administrator	Welder		
Dolphin Rescue	Biomedical Engineer	Machinist	Marine Biologist	Scuba Diver	Veterinarian		
Energy Sources	Economist	Environment Engineers	Environmental Protection Specialist	Nuclear Engineer	Power Engineer		Garrett Morgan
Entrepreneurship	Accountant	Business Consultant	Data Scientist	Industrial Engineer	Investor		Garrett Morgan
Flu Outbreak	Anthropologist	Computer Programmer	Epidemiologist	Statistician			
Fresh Food	Agricultural Engineer	Agronomist	Food Assurance Technician	Microbiologists	Veterinarian		
Hack Attack	Data Scientist	Information Security Analyst	Software Engineer	UI – UX Designer	Web Developer		Gladys West

During the missions, you will work through various challenges that support have successfully accomplished X, X, X, STEM expectations.

Here are additional resources for Learning Blade and PowerU so you can successfully complete your missions.
